The Connector's job is to connect the materials your group is reading or the problem you're trying to solve to other things we've studied in class and/or things outside of school. This could even mean that you are connecting the reading or problem to your own life. You might also see connections between this material and other texts on this topic.

Some connections that I found between this reading and myself, other people, places, problems, events, readings and authors....

To be one, to be united is a great thing. But to respect the right to be different is maybe even greater. - Bono

For everyone of us that succeeds, it's because there's somebody there to show you the way out. The light doesn't always necessarily have to be in your family; for me it was teachers and school. - Oprah Winfrey

You are never strong enough that you don't need help. - Cesar Chavez
